1515 ARAPAHOE STREET, DENVER, COLORADO 80292, (303) 893-3456

**RICHARD L. THOMAS**  
EXECUTIVE VICE PRESIDENT

May 28, 1982

Pete Henthorn was employed by The Howard J. Blender Co. when he was the senior consultant on a series of productivity studies for several of our holding company banks. His performance and desire to do a good job caused our individual banks to become aware of poor productivity, reduced profits, and inefficient operations. We were pleased with the proposed changes and their effect on the net income of each bank. Mr. Henthorn is a bright, imaginative, capable and aggressive individual who I do not hesitate to recommend highly in the area of financial institution productivity work.

Very truly yours,

RICHARD L. THOMAS
